Clubstations features and WWFF logsearch interaction

Version 1.01

Clubstations definition

Clubstation defenition

A club station license allows members of an amateur radio club to have a station operating under a club call sign.

The license is granted only to the trustee of the club. It follows National operating measures.

The radioclub is re-presents at least four individual members allowing to operate the designated Clubcall.

- Steps to register your clubcall into WWFF
 - ❑ **First step:** register your club call account into the WWFF database
 - ❑ **Second step:** after receiving account approval, send request to your National coordinator to accept allowing Clubcall settings into WWFF database. Only National coordinators are allowed to accept your Clubcall application

- ❑ **Third step:** National coordinators should send the Club call setting request to “login support” on the WWFF web.
- ❑ **Fourth step:** WWFF members service apply club call setting into the WWFF database.
